# MESSAGE FROM THE BOARD CHAIR

*We have had the biggest growth the organization has seen since 2013!*

Denise Lynch | Board Chair

Immense talent, dedication and brilliance of our creative makers in Pictou County is a constant source of awe and inspiration. With the influx of new people from all over the world, our collective perspectives are expanding which makes our little community uniquely positioned to be leaders in creative sector innovation. Community revitalization investments, strong partnerships, cultural diversity, increased capacity on the board and an engaged community all fuel NOW being a pivotal moment for the arts in Pictou County.

The last AGM mantra was 'make a space for creatives', we have done so, we are strong, skilled, and ready. The strategic planning process, informed by the community needs assessment, clearly defined four pillars; Artists Exposure, Economic Development, Community Engagement and Sustainable Nonprofit.

The deCoste Performing Arts Centre Art Show was a vibrant showcase of our creative diversity. The experience strengthened our relationship with the deCoste, and developed organizational knowledge on organizing shows, artists' bio series and reception events.

The membership program, artists pages and artist directory is a multifaceted complex project we have been working on for a couple of years. We are grateful for community partnerships that are offering membership services and discounts. I'm delighted with Pinklemonade Media for their website site and graphic design expertise that makes us all look world class.

This was the first year we had a full time Arts Coordinator. Monica actively reached out to ensure individuals were welcomed, connected and engaged. Using social media, she liked, shared, commented, and kept us all informed. When our community reopened, she showed up at artists events, networking sessions and community gatherings.

We spent the time necessary to forge our strategic plan; obtained funding, hired creative sector consultants, and brought together a team with local knowledge. The puzzle pieces are coming together and now we are seeing the possibilities of a connected creative sector.

**It's now time to Connect, Collaborate and Create**

# ECONOMIC DEVELOPMENT

## MEMBERSHIP

Pinklemonade Media is working on developing the Creative Sector Directory, Artist Pages and online membership enrolment. Our goal is a summer roll out. The directory is a game changer for our community to illuminate and connect creatives. The membership benefits offers opportunities to showcase work, reduce expenses and build networks. Pinklemonade Media is also giving us a fresh new design.

This summer, our Marketing and Promotions Coordinator will be supporting creatives in membership enrolment, writing bios, creating images and setting up their pages. Our goal is to build an extensive directory before the holidays.

## ART BANK

Over the next year, Creative Pictou County will be developing a framework for an Art Bank that will allow local artists to rent their artwork out to local businesses, organizations, and government offices to display in their space.

## RESOURCES

Over the next year, Creative Resources will be compiled to provide local creatives with a comprehensive list of organizations and government departments that provide funding opportunities to help financially support professional development, projects and other community initiatives.

## COMMUNITY ENGAGEMENT

## SOCIALS

Socials are informal gatherings full of robust and zesty tones that invite an artist's sense of belonging. They often serve as a creative catalyst for creation, troubleshooting, and learning through the simple art of conversations. This is a wonderful opportunity to network, find people to help with projects, and share ideas.

At the beginning of the pandemic, socials were put on hold due to restrictions. In August of 2021, they resumed being hosted virtually and in-person in different communities around the county depending on restrictions at the time.

### COLOURING PAGE

Creative Pictou County in partnership with the New Glasgow Farmers Market held a Colouring Page Contest over a three-week period last summer. The coloring page was designed by local artist Mikayla Lynch and printed by The UPS Store in New Glasgow. They were handed out during the market and participants, once finished, submitted their final creation to Creative Pictou County.

Three-year-old Claire Harris won the contest and received \$15 in Market Bucks and a Market tote (\$6 value) provided by the New Glasgow Farmers Market!

### WORKSHOP

This two-week ghost story workshop series brought together 3 creative writers from the community to explore ghost storytelling. These workshops were facilitated by Dawn Peters, who is a local ghost storyteller. She facilitated 2 years of Northend Haunted hikes, hosted Northend Summerfest ghost stories around the campfire, and also organized the Spookfest at Temperance Street Elementary. In addition, Dawn has directed Stephen King's play Misery at the deCoste Performing Arts Centre.

### ROCK AND ROAM

Canada's Parks Day is a day to learn new things about the benefits of parks and historical sites, the value of ecosystems, and protecting habitat. Creative Pictou County wanted to highlight some of the valuable parks in our community through the Rock and Roam project.

Elisa Rutledge, owner of Chronically Creative hosted a live rock painting session via Zoom on July 12, 2021, with 6 community members joining to paint rocks. Participants dropped off their creations at their local Pictou-Antigonish Regional Library branch in Pictou County.

On July 17, 2021, Creative Pictou County dispersed the painted rocks in parks located across Pictou County for everyone to enjoy! The rocks were placed in Acadia Park, Allan Park, Laurie Peace Park, Trenton Park, and William A. Broidy Park for the weekend.
